#### § 1254.4 Research procedures.

(a) Before applying to use documents, the researcher should ask the depository holding them whether the documents are available, whether there are enough documents to warrant a visit, or whether copies would be more practical.

(b) Researchers must apply in person at the depository that has custody of the documents.

(c) Researchers who wish to use documents not on microfilm in a depository where the microfilm research room is separate from textual research rooms, must complete a researcher identification application form and provide the information needed to decide which documents can be made available. Researchers who wish to use only microfilm documents in a depository where the microfilm research room is not separate from textual research rooms must also comply with this paragraph. Applicants must show identification containing a picture or physical description of the applicant, e.g., a driver's license or school identification card. Exceptions to this requirement must be approved by the director. If applying for access to large quantities of documents or to documents that are especially fragile or valuable, the re-

searcher may be required to furnish additional information about personal or professional qualifications or to furnish additional reasons why access is required. The collection of information contained in this paragraph has been approved by the Office of Management and Budget with the control number 3095-0016.

(d) A researcher will not be issued a researcher identification card if the branch chief or director of the relevant repository determines that:

(1) The documents which the researcher wishes to use are not in the legal custody of NARA; or

(2) The researcher is not interested in documents maintained by NARA but in information contained in secondary sources available at other institutions.

(e) Researchers using only microfilm, where the microfilm research room is separate from textual research rooms, are not issued an identification card but must register as described in § 1254.10.

(f) In addition to the procedures in this section, researchers desiring to use archives that contain national security classified information must follow procedures in subpart D.

(g) The legal custody and control over access to records that are in the physical custody of the records centers, but not yet accessioned into the National Archives of the United States, remains with the agency. NARA informs researchers of the procedures required to obtain access.
